## Shooting Star Technology DROs — ON SALE!

Save \$50!

2664 Shooting Star 2-Axis Digital Position Readout ~~\$599.00~~  
Sale \$549.00

2665 Shooting Star 3-Axis Digital Position Readout ~~\$749.00~~  
Sale \$699.00

The digital position readout from Shooting Star Technology includes the digital display unit, scales, cables, mounting hardware, and instructions. Guaranteed to fit any mill, lathe, or 3-in-1 machine, it features a resolution of 0.0005" and accuracy of 0.001". The keypad is a splash-proof membrane with tactile keys in a sturdy enclosure.

The DRO uses a precision rack and anti-backlash pinion, with an optical encoder on the pinion. Functions include:

- Inch/mm display
- Reversible count direction (change the direction in which the count goes up)
- Automatic centering (find the center of a workpiece or hole by touching off two sides)
- Two sets of coordinates
- Enter coordinates for current location
- Bolt circle and bolt line calculators
- Tool offsets
- Preset positions

## DRO Packages — SAVE \$50-\$75!

These packages contain all the parts you need to add a digital position readout to your lathe or mill.
